

The nature of the urban: sustainability challenges in the city

ClimBEco summer meeting 2024

September 25-27

@ Clarion Grand Hotel & the
innovation center Parken, Helsingborg

www.climbeco.lu.se

The purpose of this thematic meeting is to gain a deeper understanding of sustainability challenges in urban spaces. We will consider developed and developing country perspectives, focusing mostly on Sweden and including hands-on experiences of city planning efforts in the city of Helsingborg. We will focus specifically on questions of urban biodiversity, urban architecture, and urban heat.

Schedule (subject to adjustments. version from 10 June):

Wednesday, 25 September

- afternoon own travel to Helsingborg C, check in to Clarion Grand Hotel from 3pm, arrive when you want by latest 5pm
- 17:30 ice-breaker @ The Terrace Stairs/Terasstrapporna
- 18:30 kick-off dinner @ Clarion Grand Hotel

Thursday, 26 September

- early optional morning activity
- 09:00 Welcome and introduction to the meeting and to the research school
Cheryl Sjöström, Xiangrui Kong & Camilla King, ClimBEco
- 10:00 fika
- 10:45 Lecture: Seeing green: working with biodiversity in Helsingborg municipality
Fredrik Bengtsson, Linda Hellberg & Nina Syde, Municipal ecologists
- 12:00 lunch
- 13:00 Field excursion in central and southern Helsingborg
Fredrik, Linda, Nina & Mariele Walter, Municipal plan architect
- The afternoon will be spent visiting and learning more about sites relevant to the meeting topic. We will walk, taking a fika break at some point, and will arrive back at the hotel at approximately 17:30.
- 18:30 dinner @ Clarion Grand Hotel
